

IDP31-215W

100% flat fronted touch, industrial grade monitors. Ultra thin profile, smooth rounded corners, bezel-less, and rugged glass fronted for a totally contemporary outlook

Features

- 21.5" LCD wide screen panel with LED backlight for long service life
- Wide operating temperature 0 to 45° C
- Regular brightness 250 cd/m²
- True flat surface – contemporary Proflat style
- Wide viewing angle horizontally and vertically
- Built-in speakers
- Thin profile, enclosure – no additional enclosures or metalwork required
- Multi-touch PCT touch screen with USB interface
- Flexible signal interface: VGA, DVI & HDMI
- Back VESA mounting
- Anti-Reflective surface treatment for sunlight readable enhancement (optional)
- RS-232 port for remote control (optional)

Introduction

The IDP31-215W Proflat monitor responds to a demand for contemporary styling in demanding applications such as public signage, front of house information, medical and point-of-sale. The product features a truly-flat, easy to clean and maintain glass surface with long term product availability. IDP31-215W is cleverly packaged in such a way that no further mechanical parts are needed other than a VESA mount to create a display system. The use of a metal chassis provides a rugged and stable platform to build solutions for the widest range of applications.

Specifications

Display Features	Spec	Notes
Model	IDP31-215W
